Abstract – An abstract is a brief summary of a research article which contains the objectives of the research, the investigation in the research and the significance of the results. It is often used to help the reader quickly discover the purpose of the paper. The typical length of an abstract is 150-200 words. This document gives formatting guidelines for authors preparing papers for publication in the Technological University (Kyaukse), University Research Journal of Engineering, Science and Education, 2026. The authors must follow the instructions given in the document for the papers to be published.

Keywords - Keywords are your own designated keywords that can be used for easy location of the manuscript using any search engines. It includes at least 5 keywords or phrases in alphabetical order separated by comma.

I. INTRODUCTION

This document is template. We ask that authors follow some simple guidelines. In essence, we ask you to make your paper look exactly like this document. The easiest way to do this is simply to download the template, and replace (copy-paste) the content with your own material.

II. PAGE LAYOUT

An easy way to comply with the conference paper formatting requirements is to use this document as a template and simply type your text into it.

Page Layout

The margins must be set as follows:

- Top = 0.6 in
- Bottom = 0.6 in
- Left = 0.8 in
- Right = 0.8 in

Your paper must be A4 size and in two column format with a space of 0.3 in between columns.

III. PAGE STYLE

All paragraphs must be indented. All paragraphs must be justified, i.e. both left-justified and right-justified.

A. Text Font of Entire Document

The entire document should be in Times New Roman font. Other font types may be used if needed for special purposes.

B. Title and Author Details

The title must be in 16 pt Times New Roman font, bold centered and uppercase. The initial of the Author Name must not include Ma, Daw, U, Dr, Mr., Mrs., and must

be in 11 pt Time New Roman, Regular font. Author affiliation must be in 10 pt Time New Roman, Regular font. The email address must be in 9 pt Courier Regular font. Recommended font sizes are shown in Table 1.

TABLE I
FONT SIZES FOR PAPERS

Font Size	I. Appearance (in Time New Roman or Times)		
	Regular	Bold	Italic
8	table caption (in Small Caps), figure caption, reference item		reference item (partial)
9	author email address (in Courier), cell in a table	abstract body, keywords	keywords, abstract heading (also in Bold),
10	author affiliation (department, university), level-1 heading (in Small Caps), paragraph	level-1 heading	level-2 heading, level-3 heading,
11	author name		
16		title	

All title and author details must be in single-column format and must be centered. Every word in a title must be capitalized. Email address is compulsory for the corresponding author.

C. Section Headings

No more than 3 levels of headings should be used. All headings must be in 10pt font. Every word in a heading must be capitalized except for short minor words as listed in Section III-B.

Level-1 Heading: A level-1 heading must be in Small Caps, centered, and numbered using uppercase Roman numerals. For example, see the heading “III. Page Style” of this document. The two level-1 headings which must not be numbered are “Acknowledgment” and “References”.

Level-2 Heading: A level-2 heading must be in Italic, left-justified, and numbered using an uppercase alphabetic letter followed by a period. For example, see heading “C. Section Headings” above.

Level-3 Heading: A level-3 heading must be indented, in Italic and numbered with an Arabic numeral followed by a right parenthesis. The level-3 heading must end with a colon. The body of the level-3 section immediately follows the level-3 heading in the same paragraph. For example, this paragraph begins with a level-3 heading.

D. Figures and Tables

Figures and tables must be centered in the column. Large figures and tables may span across both columns. Any table or figure that takes up more than 1 column width must be positioned either at the top or at the bottom of the page.

Fig. 1. Figure headings below the figure

E. Figure Captions

Figures must be numbered using Arabic numerals (0, 1, 2, 3,). Figure captions must be in 8 pt Regular font. Captions of a single line must be centered whereas multi-line captions must be justified. Captions with figure numbers must be placed after their associated figures.

F. Table Captions

Tables must be numbered using uppercase Roman numerals. Table captions must be centered and in 8 pt Regular font with Small Caps. Every word in a table caption must be capitalized except for short minor words as listed in Section III-B. Captions with table numbers must be placed before their associated tables, as shown in Table 1.

G. Equations

In each equation, the equation must be written with equation number in parentheses flush with the right margin as in equation (1). The symbols in equation must be times new roman font, but not greek symbols, an en dash (–) must be applied for the minus sign, and use the parentheses to avoid ambiguities in denominators. For example,

$$A = \pi r^2 \quad (1)$$

The symbols in your equation should be defined before the equation appears or immediately following. Use “(1),” not “Eq. (1)” or “equation (1),” except at the beginning of a sentence: “Equation (1) is ...”

H. Page Numbers, Headers and Footers

Page numbers, headers, and footers must be used as described in the template.

I. Links and Bookmarks

All hypertext links and section bookmarks will be removed from papers during the processing of papers for publication. If you need to refer to an Internet email address or URL in your paper, you must type out the address or URL fully in Regular font.

IV. CONCLUSIONS

Although a conclusion may review the main points of the paper, do not replicate the abstract as the conclusion. A conclusion might elaborate on the importance of the work or suggest applications and extensions.

ACKNOWLEDGMENT

There are expressed our thanks to the experts who have contributed to the development of this research.
